MDL No. 2492

Master Docket No. 1:13-cv-09116

Judge John Z. Lee

Magistrate Judge M. David Weisman

**DECLARATION OF RACHEL CHRISTMAN
REGARDING DISSEMINATION OF DIRECT NOTICE**

I, Rachel Christman, hereby declare and state as follows:

1. I am employed as Senior Project Manager by Gilardi & Co. LLC (“Gilardi”), a KCC Class Action Services company. Gilardi has been retained to administer the Notice Program in this matter. I have personal knowledge of the facts set forth herein, and if called as a witness, could and would testify competently thereto.

Data Collection and Normalization

2. On or before August 2, 2016, Gilardi established the secure website, <https://gilardigateway.com/CollegeAthleteConcussionSettlement/uploadmanager>, for NCAA Member Institutions to upload contact information for potential Class Members. This website, referred to herein as the “Upload Website”, provided Data Submission Instructions as well as a downloadable Census Template¹ for NCAA Members Schools to use when providing Class

¹ The Census Template is a non-editable Microsoft Excel spreadsheet which accepts pasted data in a specified format. The purpose of the Census Template is to normalize the data submissions, allowing data submitted on the Census Template to be programmatically combined into a master mailing list by Gilardi once the Census Template is uploaded by the NCAA Member Institution. Data files not submitted using the Census Template were manually normalized as described in ¶5 herein.

Member data. The Upload Website captured basic contact information from the individual uploading the Class Member data and allowed multiple uploads per NCAA Member Institution.

3. During the Notice Period, the NCAA sent emails to NCAA Member Institutions requesting that they upload contact information for known current or former student athletes who played any NCAA sanctioned sport at any time prior to July 15, 2016 (“Class Member Information”) to the Upload Website. In November and December 2016, Class Counsel issued subpoenas to the NCAA Member Institutions that requested subpoenas or had not yet provided Class Member Information. In May and June of 2017, Counsel for the NCAA aggressively followed up with the NCAA Member Institutions which had not yet provided Class Member Information. On July 19, 2017 the final NCAA Member Institution required to submit Class Member Information uploaded complete data.

4. In all, 1,117 NCAA Member Institutions submitted a total of 1,442 individual data files containing a combined total of approximately 4,564,398 records. After removing duplicate, invalid, and blank data submissions, roughly 48% of the remaining data files submitted by NCAA Member Institutions were submitted using the Census Template, with the remainder being submitted in various other formats such as Microsoft Excel, Adobe PDF, Microsoft Word, and text files. The data files contained, in most cases, names and mailing addresses for known Class Members who attended each NCAA Member Institution. In some cases, email addresses, telephone numbers, Social Security Numbers, and/or sport played information was also provided, as well as numerous extraneous data points which were disregarded when files were normalized.

5. Gilardi manually re-formatted (or “normalized”) the data files which were not submitted using the Census Template to remove any extraneous data, flag addresses outside of

the United States as foreign (and re-format as foreign addresses as necessitated for mailing), split out records with multiple mailing and/or email addresses, consolidate records from individual tabs in Microsoft Excel, and sort the final resulting data to match the headers used in the Census Template.

6. Prior to each notice mailing and/or email blast, Gilardi consolidated data files submitted using the Census Template with the completed normalized records submitted as of that date. Gilardi removed duplicate² and incomplete records from the consolidated lists and processed each list through the National Change of Address database to update any changes of address on file with the United States Postal Service (“USPS”). The resulting final lists were divided into mailing lists and email blast lists based upon whether valid mailing addresses and/or email addresses were provided. Records which contained both valid mailing and email addresses were included on both a mailing list and an email blast list.

Notice Mailings

7. As Class Member Information was provided by NCAA Member Institutions over the course of 12 months (August 2016 - July 2017), Gilardi performed the notice mailings and email blasts on a rolling basis commencing on January 9, 2017 and completing on August 9, 2017. These mailings and email blasts are detailed below and are summarized on the attached Exhibit A.

8. On January 9, 2017, Gilardi caused the Postcard Notice to commence mailing to 2,177,545 Class Members with completed mailing address information submitted as of that date. That same day, Gilardi caused the Email Notice to be emailed to 998,212 Class Members with

² When removing duplicate records, Gilardi removed only those records which were exact duplicates by name, address and (where provided) email address. Each consolidated mailing and email blast list was first de-duped against itself, then compared to prior mailing and email blast lists to remove any exact duplicates included in previous mailings and/or email blasts.

completed email address information submitted as of that date. True and correct copies of the Postcard Notice and Email Notice used in this January 9, 2017 outreach are attached hereto as Exhibits B and C.

9. On May 30, 2017, Gilardi caused the Postcard Notice to be mailed to an additional 3,920 Class Members with completed mailing address information submitted as of that date. Prior to this mailing, the Postcard Notice was updated to reflect the new dates established in the Court's May 23, 2017 Scheduling Order. A true and correct copy of the updated Postcard Notice used in this May 30, 2017 mailing is attached hereto as Exhibit D.

10. In response to the Court's May 23, 2017 Scheduling Order, on June 20, 2017, Gilardi caused an Updated Timeline Notice to be sent via email to 1,010,579 email addresses³ collected as of that date to inform Class Members of the extended Opt Out and Objection deadlines as well as the rescheduled Fairness Hearing. A true and correct copy of the Updated Timeline Notice is attached hereto as Exhibit E.

11. On June 26, 2017, Gilardi caused the Postcard Notice (with dates updated per the May 23, Scheduling Order) to be mailed to an additional 379,369 Class Members with completed mailing address information submitted as of that date.

12. On June 30, 2017, Gilardi caused the Email Notice (with dates updated per the May 23, Scheduling Order) to be emailed to an additional 208,521 Class Members with completed email address information submitted as of that date. A true and correct copy of the updated Email Notice is attached hereto as Exhibit F.

13. On July 28, 2017, Gilardi caused the Postcard Notice to be mailed to an additional 885,283 Class Members with completed mailing address information submitted as of that date.

³ This list included all previously collected emails from the January 9, 2017 outreach plus all email addresses provided to Gilardi by individuals requesting to be kept informed of the status of the lawsuit.

Prior to this mailing, the Postcard Notice was updated to reflect the new dates established in the Court's July 7, 2017 docket entry. A true and correct copy of the updated Postcard Notice used in this July 28, 2017 mailing is attached hereto as Exhibit G.

14. On July 31, 2017, Gilardi caused the Email Notice (with dates updated per the July 7 docket entry) to be emailed to an additional 690,413 Class Members with completed email address information submitted as of that date. A true and correct copy of the updated Email Notice is attached hereto as Exhibit H.

15. On August 2, 2017, Gilardi caused the Postcard Notice (with dates updated per the July 7 docket entry) to be mailed to the final group of 362,460 Class Members provided by NCAA Member Institutions with valid mailing addresses.

16. On August 9, 2017, Gilardi caused the Email Notice to be emailed to the final group of 2,489 Class Members provided by NCAA Member Institutions with valid email addresses. Prior to this mailing, the Email Notice was updated to reflect the new dates established in the Court's August 1, 2017 docket entry. A true and correct copy of the updated Email Notice used in this August 9, 2017 email blast is attached hereto as Exhibit I.

17. In total, Gilardi mailed postcards to 3,808,577 Class Members and sent email notices to 1,899,635 Class Members (approximately 1,639,470 of which were also mailed postcards) representing outreach to approximately 4,068,742 unique Class Members.

Returned Undeliverable Mail

18. Mail returned by the USPS is classified as Returned Undeliverable Mail, or "RUM". Since commencing mailing to Class Members, Gilardi has received 316,968 unique

pieces of RUM in this matter⁴. Gilardi has searched 251,483 pieces of RUM (those with old addresses in the United States which were received on or before one week prior to the Opt Out and Objection deadline of September 15, 2017 and where an updated address was not provided by the USPS) and has been able to locate updated addresses for and re-mail or forward 199,760 unique RUM pieces.

Class Member Correspondence

19. On or before July 21, 2016, Gilardi established a Settlement Website, www.CollegeAthleteConcussionSettlement.com. The Settlement Website contains up to date information on the status of the litigation, relevant case documents, a list of Frequently Asked Questions, and contact information for the Notice Administrator. The website also includes a Stay Informed portal where individuals may provide their contact information to have their name and address added to Gilardi's mailing list to receive periodic updates regarding the litigation. To date, Gilardi has received 15,340 entries on the Stay Informed portal⁵.

20. On or before July 21, 2016, Gilardi established a case-specific email address, info@collegeathleteconcussionsettlement.com, which allows Class Members to correspond with Gilardi via email with questions regarding the Settlement. To date, Gilardi has received 2,407 emails to this email address.

21. On or before July 21, 2016, Gilardi established a toll free telephone number, 877-209-9898. Callers may listen to pre-recorded Frequently Asked Questions, use an automated service to request that a Long Form Notice be mailed to them, and may also request to speak

⁴ This unique RUM count differs from the RUM scans addressed in the August 7, 2017 Declaration of Rachel Christman Regarding Notice Program Expenses as the RUM reported in the August 7 declaration had not yet been assessed for duplicates.

⁵ On June 20, 2017, Gilardi included 7,787 of these requests in the Updated Timeline Notice email blast addressed in ¶10 above.

with a live operator between the hours of 7:00 am and 5:00 pm Pacific Standard Time. To date, Gilardi has received 8,047 calls to this number and has received and honored 255 requests for Long Form Notice Packets.

22. The extended deadline for Class Members to request exclusion from the Settlement was September 15, 2017. To date, Gilardi has received and processed 1,747 timely and 14 late requests for exclusion from the Settlement. A complete and accurate list of these requests for exclusion is attached hereto as Exhibit J.

23. The extended deadline for Class Members to object to the Settlement was September 15, 2017. While Class Members were not instructed to mail objections to Gilardi, Gilardi has nonetheless received copies of 16 timely objections, and promptly forwarded each to Counsel for the Plaintiffs and NCAA.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on this 29th day of September, 2017.

Rachel Christman

CERTIFICATE OF SERVICE

The undersigned, an attorney, hereby certifies that on September 29, 2017, a true and correct copy of the foregoing was filed electronically via CM/ECF, which caused notice to be sent to all counsel of record.

A Settlement, subject to court approval, has been reached in a class action lawsuit called *In re National Collegiate Athletic Association Student-Athlete Concussion Injury Litigation*, Case No. 1:13-cv-09116 (N.D. Ill.). It is pending in the United States District Court for the Northern District of Illinois.

WHAT IS THE LAWSUIT ABOUT?

The lawsuit claims that the NCAA was negligent and breached its duty to protect all current and former student-athletes by failing to adopt appropriate rules regarding concussions. The lawsuit seeks medical monitoring relief to diagnose possible long-term effects of concussions or the accumulation of sub-concussive hits for all current and former student-athletes. The lawsuit also seeks changes to the NCAA's concussion management and return-to-play guidelines. The NCAA denies these allegations and denies it did anything wrong. If the Court does not approve the Settlement, the NCAA will argue, among other things, that the case should not be a class action. The Court has not decided whether or not Defendant did anything wrong.

WHO IS INCLUDED?

You are a Class Member and included in the Settlement if you played an NCAA-sanctioned sport at an NCAA school at any time up to July 15, 2016.

WHAT DOES THE SETTLEMENT PROVIDE?

The NCAA has agreed to a Medical Monitoring Fund of \$70,000,000, which, after deducting administrative costs, and attorneys' fees and expenses, will fund the screening of Class Members as well as medical evaluations for those Class Members who qualify as a result of the screening during the 50-year Medical Monitoring Program. The medical evaluations will be designed to assess symptoms related to persistent post-concussion syndrome, as well as cognitive, mood, behavioral, and motor problems that may be associated with mid- to late-life onset diseases that may be linked to concussions and/or subconcussive hits, such as Chronic Traumatic Encephalopathy and related disorders. In addition, the NCAA has committed \$5,000,000 to fund research regarding the prevention, diagnosis, care, and management of concussions and mid- to late-life neurodegenerative disease. The NCAA has also agreed to change its policies and procedures for concussion management and return to play. You can download the Second Amended Settlement Agreement from www.collegeathleteconcussionsettlement.com or call the toll-free number listed below and request one.

WHO REPRESENTS YOU?

The Court appointed the law firms Hagens Berman Sobol Shapiro LLP and Siprut PC to represent you. You do not have to pay these attorneys or anyone else to participate. They will ask the Court for attorneys' fees and costs, which would be paid from the Medical Monitoring Fund. You may hire your own lawyer to appear in Court for you; if you do, you have to pay that lawyer.

WHAT ARE YOUR OPTIONS?

- **Do Nothing and Remain in the Settlement.** If you do nothing, you are considered a participant in the Settlement. You will be bound by all Court orders. If the Settlement is approved, certain potential legal claims you may have against the NCAA will be resolved and forever released. Also, if the Settlement is approved, you will have the opportunity to complete a screening questionnaire to determine whether you qualify for up to two medical evaluations during the 50-year medical monitoring period.
- **Opt Out ("Exclude Yourself") from the Settlement.** You must submit a written request to Opt Out of the Class and the Settlement to the Notice Administrator. The complete, signed Opt-Out request must be mailed to the Notice Administrator **postmarked no later than March 10, 2017.** **However**, if you are a current NCAA student-athlete on or after 6 months after the Effective Date and your school fails to put in place a concussion management plan within six months of the Effective Date, you will have a second opportunity to opt-out so long as you do so within 12 months of the Effective Date.
- **Object or Comment on the Settlement.** Written objections must be filed and served **no later than March 10, 2017.** You give up your right to sue and are bound by Court orders even if your objection is rejected. If you file an objection, you may appear at the Fairness Hearing to explain your objection, but you are not required to attend.

The Court will determine whether to approve the Settlement and attorneys' fees and expenses at a Fairness Hearing to be held on **May 5, 2017, at 10 a.m.**, at the Everett M. Dirksen United States Courthouse for the United States District Court for the Northern District of Illinois, 219 South Dearborn Street, Chicago, Illinois. You may attend this hearing if you wish, but you do not have to attend in order to participate in the proposed Settlement.

Ill.). It is pending in the United States District Court for the Northern District of Illinois.

WHAT IS THE LAWSUIT ABOUT?

The lawsuit claims that the NCAA was negligent and breached its duty to protect all current and former student-athletes by failing to adopt appropriate rules regarding concussions. The lawsuit seeks medical monitoring relief to diagnose possible long-term effects of concussions or the accumulation of sub-concussive hits for all current and former student-athletes. The lawsuit also seeks changes to the NCAA's concussion management and return-to-play guidelines.

The NCAA denies these allegations and denies it did anything wrong. If the Court does not approve the Settlement, the NCAA will argue, among other things, that the case should not be a class action. The Court has not decided whether or not Defendant did anything wrong.

WHO IS INCLUDED?

You are a Class Member and included in the Settlement if you played an NCAA-sanctioned sport at an NCAA school at any time up to July 15, 2016.

WHAT DOES THE SETTLEMENT PROVIDE?

The NCAA has agreed to a Medical Monitoring Fund of \$70,000,000, which, after deducting administrative costs, and attorneys' fees and expenses, will fund the screening of Class Members as well as medical evaluations for those Class Members who qualify as a result of the screening during the 50-year Medical Monitoring Program. The medical evaluations will be designed to assess symptoms related to persistent post-concussion syndrome, as well as cognitive, mood, behavioral, and motor problems that may be associated with mid- to late-life onset diseases that may be linked to concussions and/or subconcussive hits, such as Chronic Traumatic Encephalopathy and related disorders. In addition, the NCAA has committed \$5,000,000 to fund research regarding the prevention, diagnosis, care, and management of concussions and mid- to late-life neurodegenerative disease. The NCAA has also agreed to change its policies and procedures for concussion management and return to play. You can download the Second Amended Settlement Agreement from www.collegeathleteconcussionsettlement.com or call the toll-free number listed below and request one.

WHO REPRESENTS YOU?

WHAT ARE YOUR OPTIONS?
